Where the statutes are to constitute the foundation, and praxis serves as an exchange of experience between the operational years.

§ 1.2 Bylaw changes

A change in the bylaws is valid if it is decided by a relative majority at an ordinary chapter meeting.

§ 2 Flygsektionen's governing documents

Flygsektionen's governing document consists of three steps. The top documents are the statutes, which form the core of flygsektionen and sets out what activities the chapter will conduct. Next to the statutes are the bylaws, this document explains how the chapter should conduct its operations. Under the bylaws lies praxis, this document covers how the chapter usually conducts its operations. The praxis also consists of four sub-praxis. These are board praxis, meeting praxis, pheus praxis and jubilee praxis. These act as hand-over documents and must be updated continuously to facilitate the continuity of the ongoing work.

§ 2.1 Official Language

The official language is the language to be used in all official documents and communication with members. Translations are allowed, but must always be accompanied by the official language. If anyone wants to speak Swedish the board shall provide translation.

§ 2.2 Previous interpretations of statutes

§ 3.8 Decision

To make a decision, the meeting must vote. At Flygsektionen it is normally the proposal with the most votes that wins.

Otherwise, a new vote is required with all the candidates except for the candidate with least votes.
- Representatives to the Student Union council (Kårfullmäktige) are elected in accordance with the THS statutes.
